NEVADA SAFETY AND HEALTH PROTECTION ON THE JOB

The Nevada Occupational Safety and Health Act, NRS Chapter 618, provides job safety and health protection for workers throughout the promotion of safe and healthful working conditions throughout the State of Nevada. Requirements of the Act include the following:

EMPLOYERS:
Each employer shall furnish to each of its employees employed and a place of employment free from recognized hazards that are causing or are likely to cause death or serious physical harm to its employees; and shall comply with occupational safety and health standards adopted under the Act.

EMPLOYEES:
Each employee shall comply with all occupational safety and health standards, rules, regulations and orders issued under the Act that apply to his own actions and conduct on the job.

The Nevada Occupational Safety and Health Administration (Nevada OSHA) of the Division of Industrial Relations, Department of Business and Industry, has the primary responsibility for administering the Act. Nevada OSHA enforces occupational safety and health standards, and its Safety and Health Representatives/Industrial Hygienists conduct job site inspections to ensure compliance with the Act.

INSPECTION:
The Act requires that a representative of the employer and a representative authorized by the employees be given an opportunity to accompany the Nevada OSHA inspector for the purpose of aiding the inspection.

Where there is no authorized employee representative, the Nevada OSHA Safety and Health Representative/Industrial Hygienist must consult with a reasonable number of employees concerning safety and health conditions in the workplace.

COMPLAINT:
Employees, public or private, or their representatives have the right to file a complaint with the nearest Nevada OSHA office requesting an inspection if they believe unsafe or unhealthful conditions exist in their workplace. Nevada OSHA will hold confidential names of employees complaining.

The Act provides that employees may not be discharged or discriminated against in any way for filing safety and health complaints or otherwise exercising their rights under the Act.

An employee, public or private, who believes he has been discriminated against may file a complaint within thirty (30) days of the alleged discrimination with the nearest Nevada OSHA office or with Occupational Safety and Health Administration, U.S. Department of Labor, 907 7th Street, Suite 18100, San Francisco, CA 94103.

CITATIONS:
If upon inspection Nevada OSHA believes an employer has violated the Act, a citation alleging such violation will be issued to the employer. Each citation will specify a time period within which the alleged violation must be corrected.

The Nevada OSHA citation will be prominently displayed at or near the place of alleged violation for three days, or until it is corrected, whichever is later, to warn employees of dangers that may exist there.

EMPLOYERS: This poster must be displayed prominently in the workplace.
